

Welcome to GPCP Summer Camp 2018!

Session III: Storytelling

Welcome to storytelling camp with Ms. Ina and Ms. Tiffany! We are so excited to spend the last days of summer camp exploring and discovering with your children! Over the course of the next three weeks we will be traveling to Grant Park, exploring the natural environment, and using photography, imaginative play, and inventive storytelling to create new stories, as well as revisiting the Grant Park

folklore that many GPCP children have created in their minds. We will run through fields of grass, climb Sally the climbing tree, sneak through the foggy forest, collect treasure, and make friends with the many animals living in our park, all the while using the language of storytelling to make connections between the many parts of the natural world we will encounter. On days when mother nature does not permit our exploration of the natural world, we will revisit our experiences outside through reviewing the photographs we've taken, and using languages such as painting, drawing, building, sensory and imaginative play to deepen our understanding of the valuable experiences we will have in the park.

Parent Involvement: Although Parent Helper days are not required during summer camp, parents are required to provide snacks. **Snack assignments will be available a week before each session and can be found on the Preschool Camp page of the website.** Please plan to provide a healthy, nutritious snack for the entire class on your assigned days.

What to Bring: Each child should have a **labeled water cup or bottled water** packed for their camp each day. Also, make sure your child has **two sets of extra clothes and underwear** if needed on site and wears **comfortable shoes** (also labeled). If your child is in pull-ups, please provide pull-ups and wipes for them each week. We will be field-tripping to sections of the Atlanta Beltline, the Ecosystem Farm on Mondays, another CSA pick-up on Wednesdays. Please remember to **sign field trip forms and leave a car seat when necessary!** **Please apply sunscreen and bug spray to your child before coming to school, and we will re-apply halfway through the full day with school purchased sunscreen and bug spray.**

Thank you and we look forward to a fun session with your child!
